Move to Vorbasse

Get more free time • give your family more choice • live cheaply

If you get the chance to move to Vorbasse – seize it.

**Billund is the Capital of Children
and Vorbasse is naturally the Children's Village.**

**The Vorbasse Leisure Center
and its surroundings meet all the needs
an active family has.**

Children's Development

The children's house 'Andedammen' (The Duck Pond) - or one of many expert child minders - guarantees your child the best start in life. Vorbasse has a long tradition for competent and caring upbringing.

Each individual child is important both in itself and as part of the community.

The playgrounds of 'Andedammen' and 'Drivhuset' (The Greenhouse) by the woods are the perfect environment for the 3 to 5-year-olds, who are bursting with independence and energy and 'watch me do it!'

The town school provides a stimulating environment all the way from pre-school class to 9th grade, combining tradition and innovation. Teachers focus on children's multiple intelligences and the needs of the individual child. No-ones overlooked. There are typically between 18 and 24 children per class.

Leisure Activities

Our ambition is to ensure as many activities for children as possible.

For children who play football, there is a trip to tournaments in Barcelona. The Under-14 Girls' Team is in the Super League.

For those who prefer handball, the Vorbasse trainers have been coached by Kolding's top professionals.

There are summer excursions for boy-scouts and girl-guides in Norway or skiing trips to Switzerland, as well as camps in Denmark.

'Loftet' (The Attic) is an oasis of marvelous rooms for the Youth Club and other groups of young people, where they

can get together and do things like cooking, computer activities, making music and so on.

These are just a few of the things Vorbasse offers young people – and many families from out of town swim in the village swimming baths – the water is that bit warmer here! There are practically no limits here. We are so privileged because the local clubs participate in Vorbasse Market and make money. Why not move here and become part of the community?

Everyday life – work and culture

If you live in Vorbasse, you have quick access to work in Billund, Grindsted, Esbjerg, Holsted, Vejen, Kolding or Vejle. Vorbasse is at the hub of all the good places of work – they can be reached in 15 to 60 minutes at most.

Finding time in a busy schedule is what everyone sighs for – do you have enough time?

Your children do not have to be very big before they can make their own way to all leisure activities in Vorbasse. Bringing and returning can also easily be arranged.

How much time do you want to spend on daily shopping?

The shops in Vorbasse provide all the basics – and you do not queue or pay to park. We have our own baker, clothes shop and Co-op.

You can also be pampered right on your doorstep – there is a chiropodist, a hairdresser, a craniosacral therapist and masseurs.

Vorbasse has a lot to offer

There is an efficient doctors' surgery with four doctors and two nurses.

There is also 'Frihavnen' (The Free Port), an up-to-date public nursing home nestling in one of the many green spaces in the village.

But what about culture?

If you enjoy the cinema, theater or cafes and restaurants, then the newly modernized cinema in Grindsted is just 15 minutes away – or 25 minutes to Kolding's cinema complex. How far do you have to go today?

There are many cultural possibilities in the village itself. There are regular temporary exhibitions in the Leisure Center. The library is open from 8 a.m. to 9.30 p.m. every day of the week.

Vorbasse's own Culture and Entertainment Society offers you revues, café evenings with live music, and much besides. And then there is the late-summer party, where you can dance and celebrate with several hundred Vorbasse folk; this is a free party provided as thanks for another successful Summer Market.

Vorbasse Marked

This is called 'Denmark's Greatest Family Tradition' – visited by a quarter of a million market guests.

It dates back to at least 1731. Today you will find about 750 horses, 800 stalls of all descriptions, 200 pet- and poultry sellers, the largest traveling fairs in the country, and an enormous program of entertainment.

The Market is always held around the penultimate Friday in July – a three day event.

We almost forgot our beautiful surroundings!

Peace and quiet are at a premium in our busy lives.

Walk or jog over the extensive heathland 'Sønderhede', follow one of the three 'heart trails', or stroll in the many forests around the village. Here you will find peace and quiet. There is also always room for one (or two) more on the village running team and at the yearly run – 'Labriløbet'.

Not just entertainment and The Naval Port

As you can see, the village offers much more than just the Market and the annual launch of the warship 'Labri' at the harbor festival on Easter Saturday. Check out the wealth of information at www.vorbasse.dk

Like a guided tour?

There are many villagers who would like to show you round. You will be pleasantly surprised. If you buy a property here, the Village Hospitality Minister will present you with a welcome basket to the value of over 7,000 D.Kr.

There are plots offered for sale by the municipality on the western skirts of the village: check [www.billund.dk/teknik og miljø/salg af grunde](http://www.billund.dk/teknik%20og%20milj%C3%B8/salg%20af%20grunde). There are plots of varying sizes privately for sale at the southeastern edge of the village; many of them are much larger – up to 3.000 m². There are often newly renovated apartments on offer; houses for sale can be found at: www.boligsiden.dk – just type 6623.
